

Listed below are known citations to the NASA Socioeconomic Data and Applications Center (SEDAC) *Environmental Performance Index (EPI)* data collection. The data collection, and specific data set (if known), being cited are beneath each citation. Citations to multiple collections/sets are listed on separate lines. If a publication cites remotely sensed earth observation data, whether from NASA or another source, those instruments and/or platforms are listed as well.

List last updated on 3 October 2023.
